Systematic solutions for low-voltage

distribution cabinets

We offer tailored solutions based on client-specific needs, including switchboard design, wiring, and installation. Our experienced engineers ensure optimal performance and long-term reliability.

# Advantages

- · High efficiency and low energy consumption
- · Robust construction for harsh environments
- Advanced protection systems
- · Customizable configurations

## Industrial Distribution Cabinets

Circuit Breaker Cabinet

Motor Protection Circuit Breaker Cabinet High Voltage Circuit Breaker Cabinet Low Voltage Circuit Breaker Cabinet Optional Secondary Circuit Breaker Cabinet

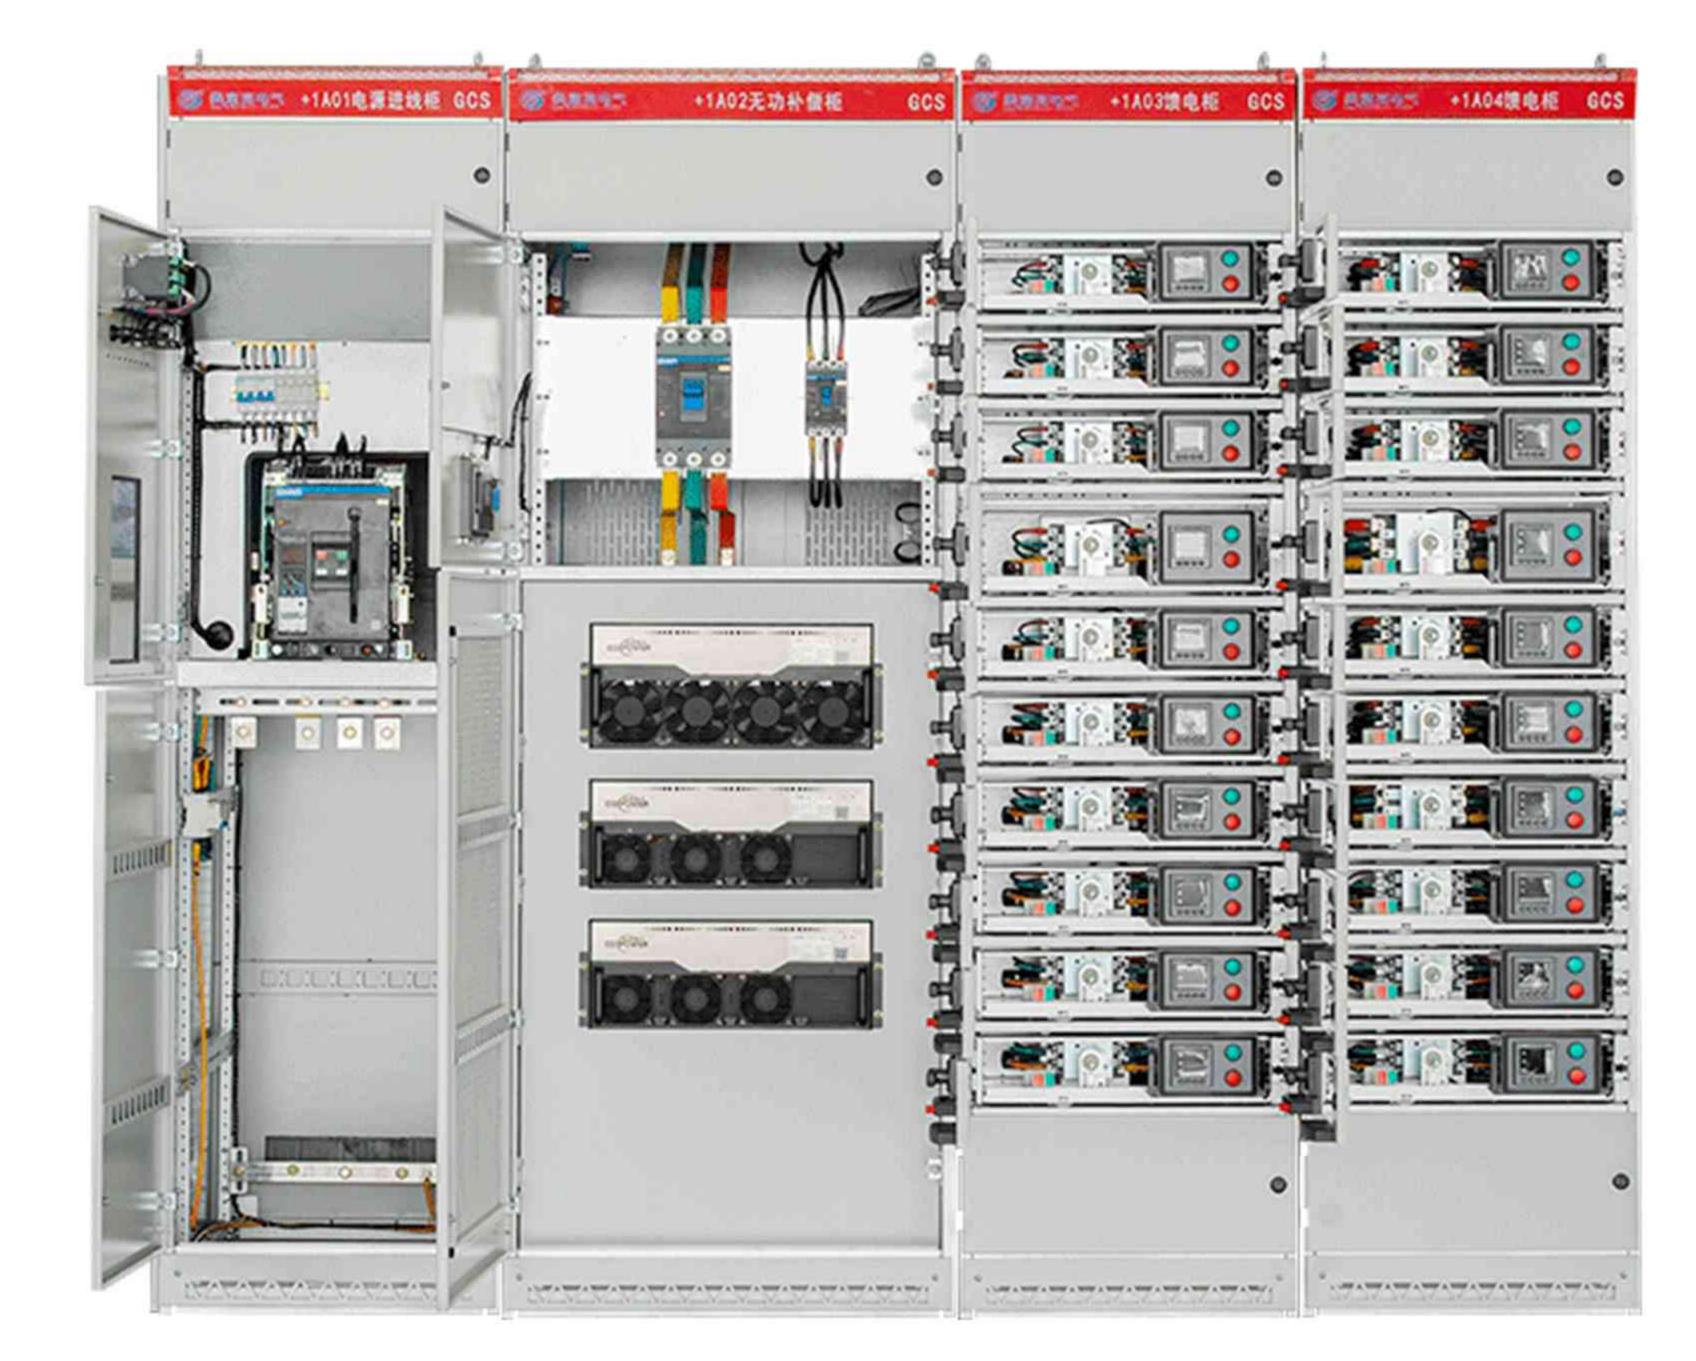

Switchgear Cabinets

Programmable Contactor Cabinet Disconnecting Contactor Cabinet Adjustable Speed Cabinet

Protection equipment
